Getting Started

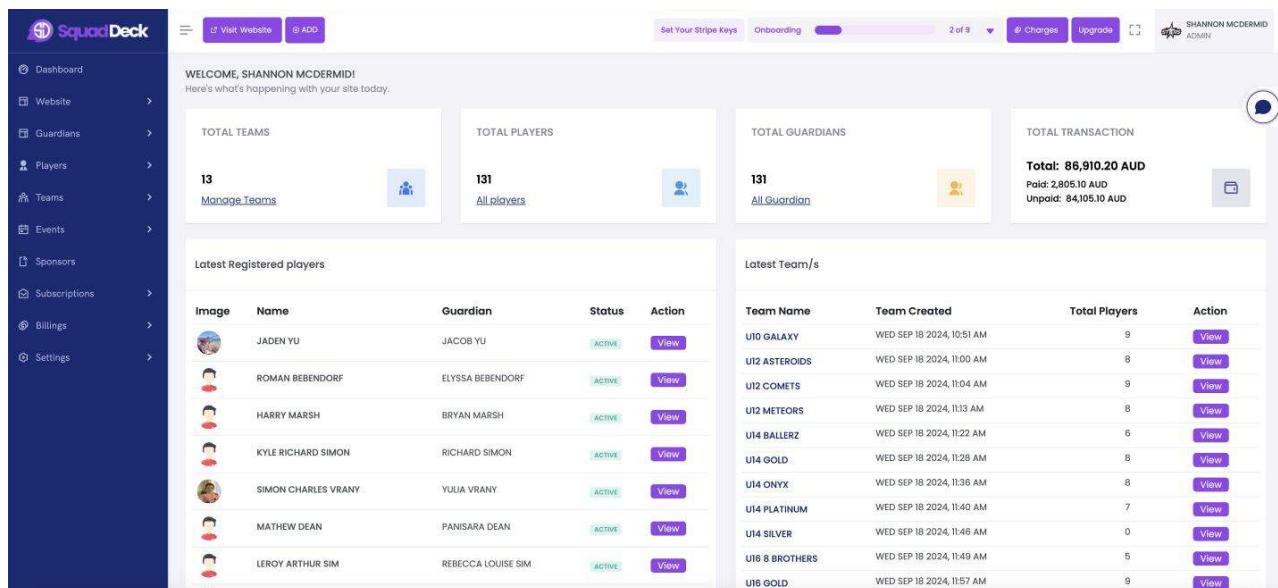

After you have successfully created your sports organization on SquadDeck, a page will appear with an onboarding guide to help you set it up

The screenshot shows the SquadDeck Organization Dashboard. On the left is a dark sidebar with navigation links: Dashboard, Website, Guardians, Players, Teams, Events, Sponsors, Subscriptions, Billings, and Settings. The main content area has four cards: 'TOTAL TEAMS' (13), 'TOTAL PLAYERS' (131), 'TOTAL GUARDIANS' (131), and 'TOTAL TRANSACTION' (Total: 86,910.20 AUD, Paid: 2,805.10 AUD, Unpaid: 84,105.10 AUD). A 'Welcome To SquadDeck' modal is open in the center, prompting the user to 'Setup Club or Team & Brand Details' and 'Book An Appointment'. The 'Book An Appointment' section includes a 'Talk To Expert' button. Below the modal is a table of 'Latest Registered players' and a table of 'Latest Team/s'.

First, it will guide you step-by-step on how to set up your club's team and brand details. Then, it will guide you through the setup of Currency Settings, DNS Management, and Payment Settings in a simple and straightforward manner

Organization Dashboard

The screenshot shows the SquadDeck Organization Dashboard. The layout is identical to the previous one, with the sidebar and main cards. The 'Welcome To SquadDeck' modal is still open, prompting the user to 'Setup Club or Team & Brand Details' and 'Book An Appointment'. The 'Book An Appointment' section includes a 'Talk To Expert' button. Below the modal is a table of 'Latest Registered players' and a table of 'Latest Team/s'.

Admin Dashboard

Once you log in to your admin dashboard, you will have full access to manage and update your company's website content. The dashboard provides an intuitive interface for overseeing all aspects of your club.

Navigating the Dashboard

- **Navigation Menu:** Located on the left side of the screen, the navigation menu gives you access to various sections of the dashboard. From here, you can easily access pages and manage different aspects of your club.
- **Main Dashboard Page:** The dashboard's main page gives you an overview of important information. You can view details about:
 - Teams
 - Players
 - Guardians
 - Transactions
 - And more...

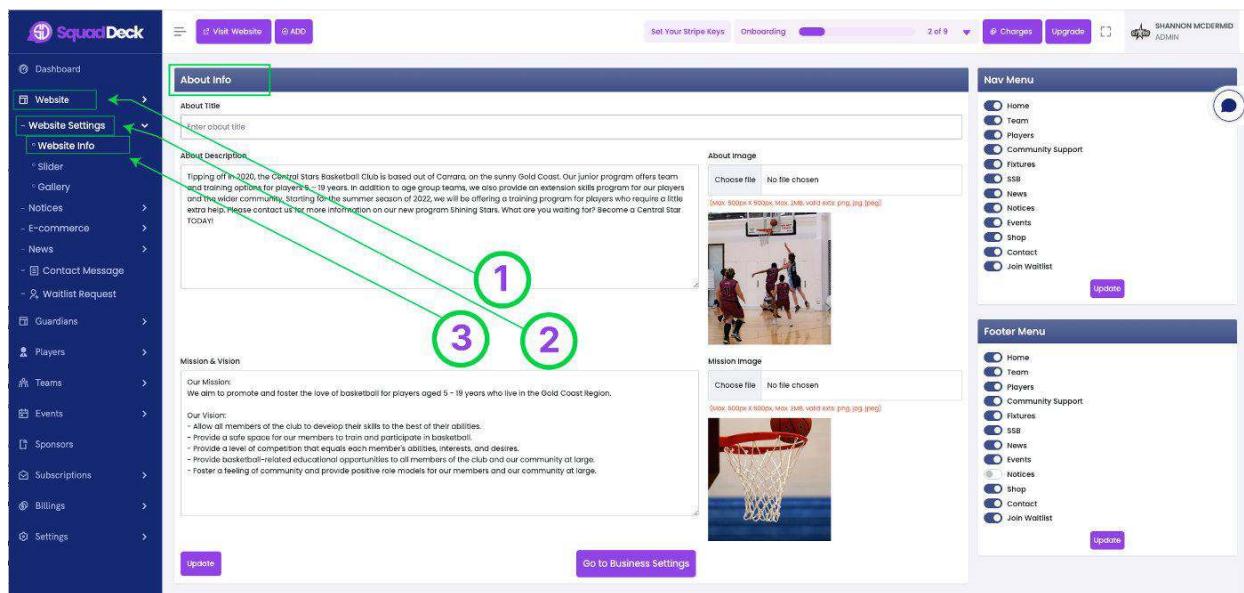

Managing Content

From the dashboard, you can efficiently manage and update the website's content and track various activities related to your club.

For more detailed instructions on each feature, please refer to the relevant sections of the dashboard.

Adding Information to the About Page

How to Add Information to Your About Page

How to Add a Notice to Your Website

Website > Notices > Add Notice

In this guide, we'll walk you through the simple steps to add a notice to your club's website using the SquadDeck software.

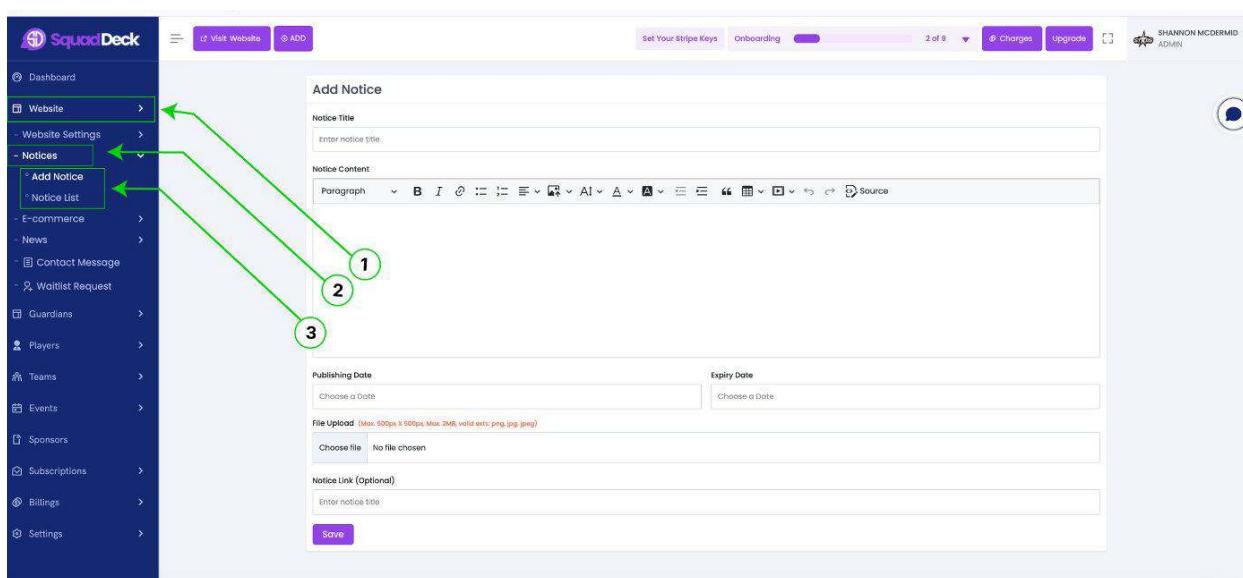

Steps to Add a Notice:

1. Access the Website Page

- First, open the left navigation menu in your SquadDeck dashboard.
- From the menu, select the "Website" page. This will direct you to the Website section of your admin panel.

2. Navigate to the Notices Section

- Under the **"Website"** sub-menu in the main menu, click on **"Notices"**.
- This will open the Notices page, where you can manage all the notices for your website.

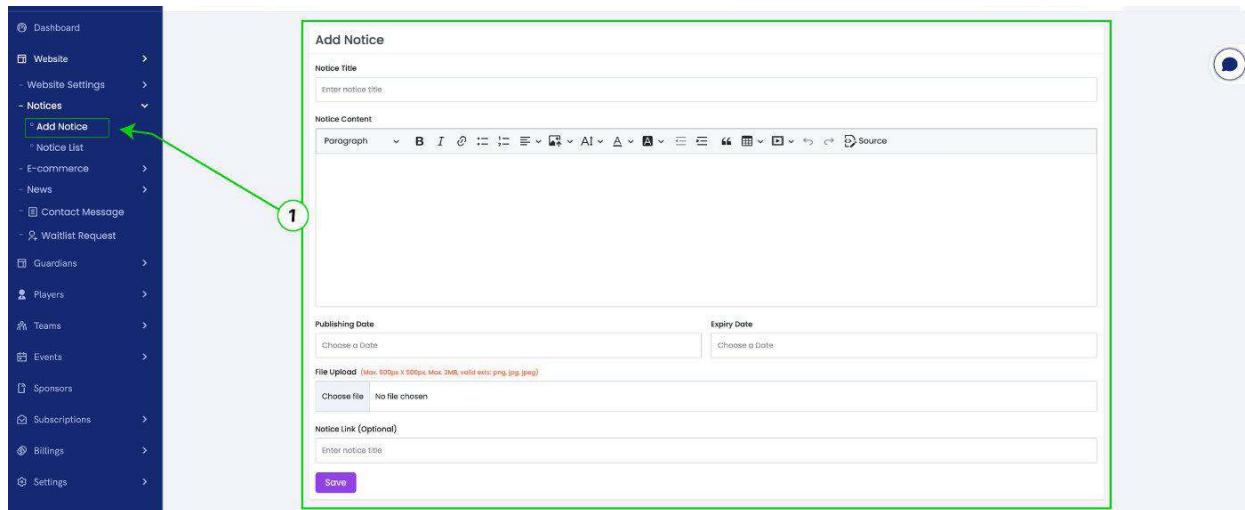

3. Add a New Notice

- On the Notices page, look to the right side of the screen and click the "Add Notice" button.
- This will bring up a form to enter the details of your new notice.

4. Fill Out the Notice Details

- In the form, provide a title for the notice.
- Include a detailed description of the notice. This could be any important information you want to share with visitors to your website.
- Set the date for the notice to be published.

5. Save the Notice

- Once you've filled out all the necessary information, click the Save button to save your notice.

6. View Your Notice

- After saving, your notice will be displayed on the Notices page of your website.
Visitors to your site can now see it!

Adding notices to your website through SquadDeck is a quick and easy process. By following the steps outlined in this guide, you'll be able to keep your website visitors updated with the latest news and announcements for your club.

Managing E-commerce for Your Club Using the SquadDeck System

This guide will help you manage your club's e-commerce operations efficiently using the SquadDeck system.

The platform provides an easy-to-navigate interface for managing products, orders, categories, and sizes.

1. Accessing the E-commerce Management Page

To begin managing your club's e-commerce, follow these steps:

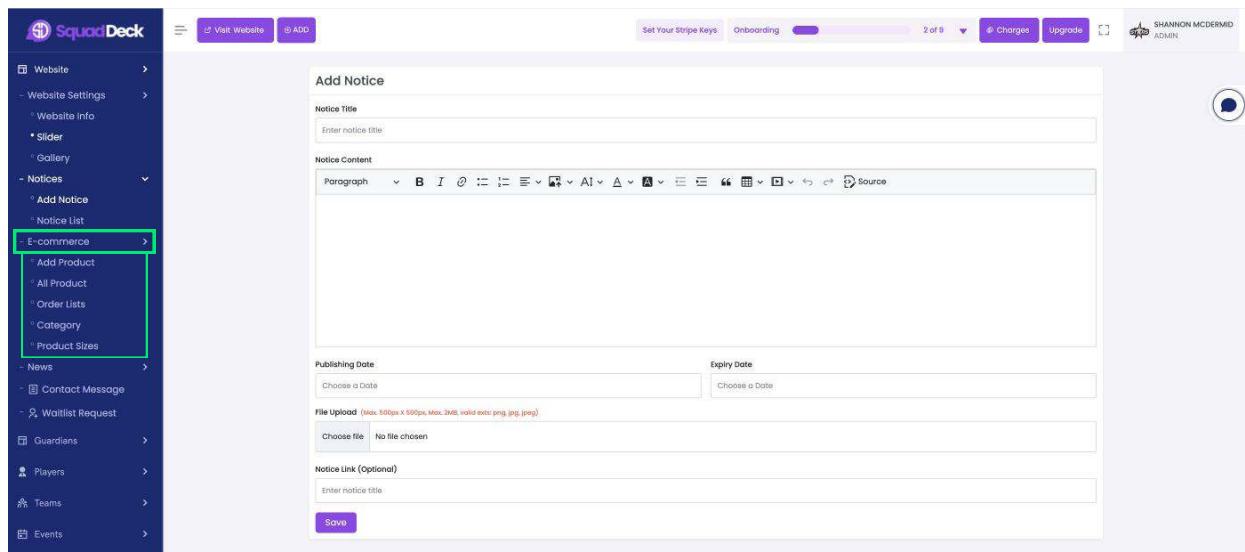

1. **Open the left navigation menu** in the SquadDeck system.
2. Select the "**Website**" page from the menu.
3. From the main menu, click on the "**E-commerce**" page under the "**Website**" sub-menu.

Once you're on the E-commerce page, you'll see five sub-menus:

- Add Products
- All Products
- Order Lists
- Category
- Product Sizes

2. How to Add Products

Adding new products to your online store is simple:

Website > E-commerce > Add Product

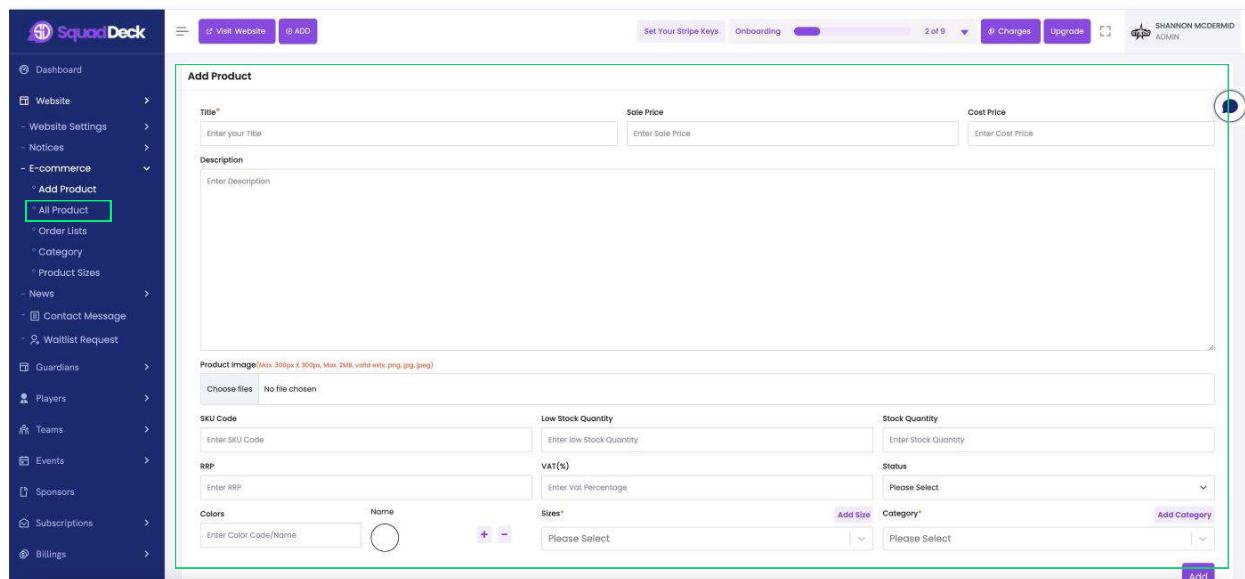

1. From the E-commerce sub-menu, click on "Add Products".

2. You'll be directed to a form where you can enter product details:

- **Product Title:** Name of the product.
- **Description:** A brief description of the product.
- **Price:** The cost of the product.
- **Image:** Upload an image of the product.
- **Stock Quantity:** The number of items available.
- **VAT:** The VAT applicable to the product.
- **Status:** Mark the product as "Active" or "Inactive".
- **Color:** Specify available colors.
- **Size:** If applicable, select the product size.
- **Category:** Choose a category for the product.

3. After entering all the details, click the "**Add**" button to add the product.

4. The product will now appear on your website's "**Shop**" page.

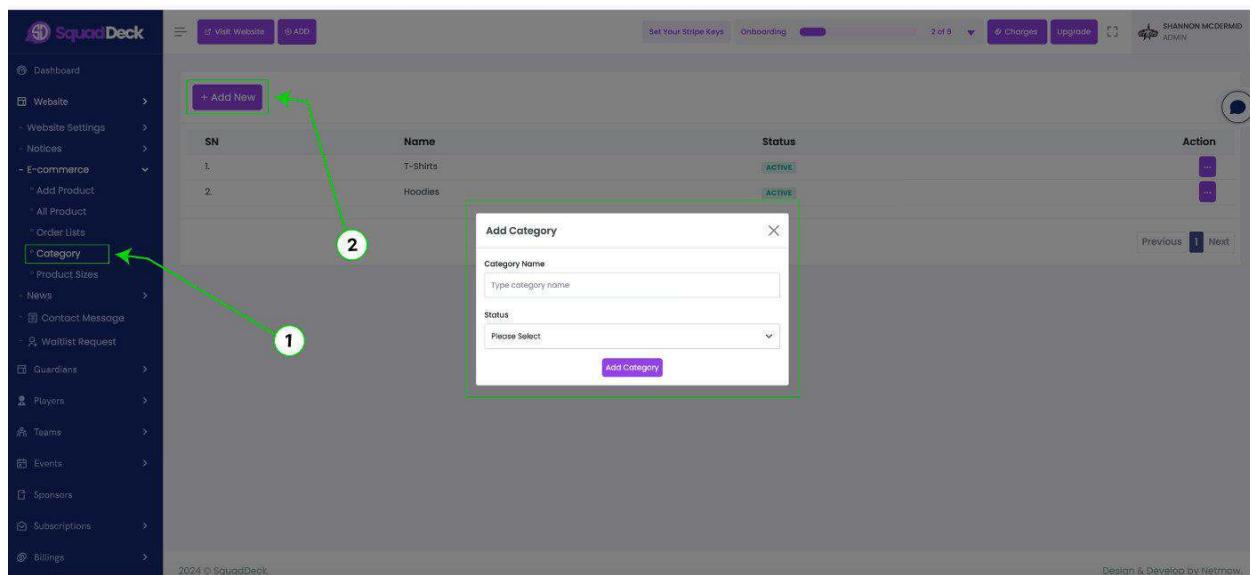

3. How to Create Categories for Your Products:

Organize your products into categories to make it easier for customers to find what they are looking for:

Website > E-commerce > Category

1. From the E-commerce sub-menu, click on "**Category**".
2. Click the "**Add New**" button located at the top-left of the page.
3. Enter a name for your product category (e.g., "Clothing", "Accessories").
4. Select "**Active**" from the Status dropdown.
5. Click the "**Add Category**" button.

Your category will now be available to assign to products.

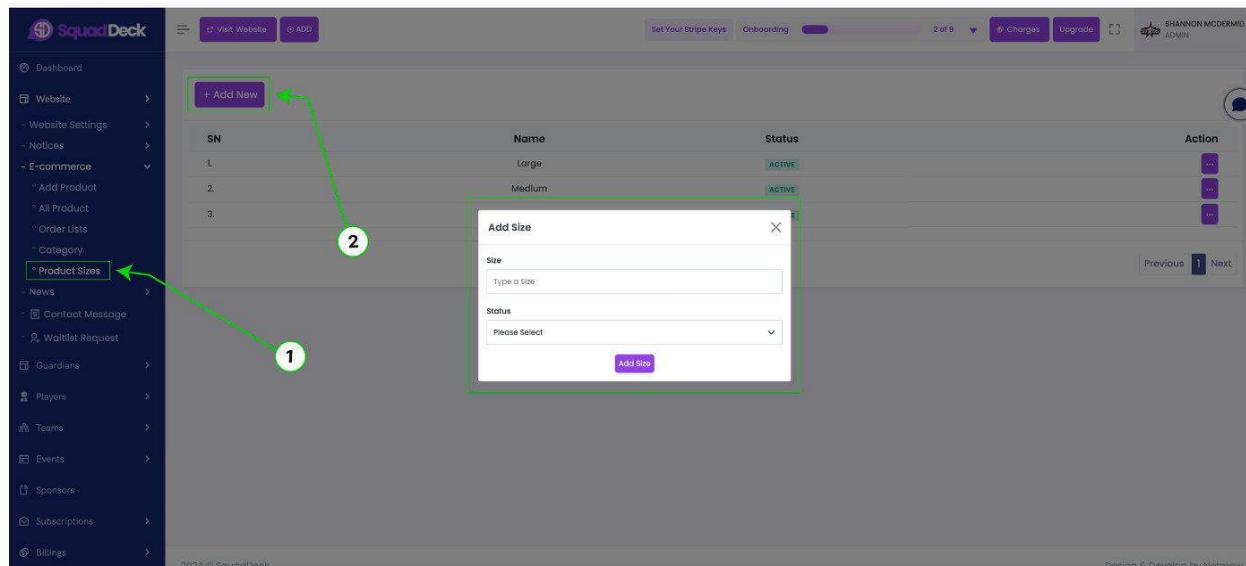

4. How to Create Product Sizes

For products available in different sizes (e.g., clothing, shoes), you can define size options:

Website > E-commerce > Product Sizes

1. From the E-commerce sub-menu, click on "Product Sizes".
2. Click the "Add New" button at the top-left.
3. Enter the available size options (e.g., Small, Medium, Large).
4. Select "Active" from the Status dropdown. Click "Add Sizes" to save.

Your product sizes will now be available when adding or editing products.

5. How to View All Products

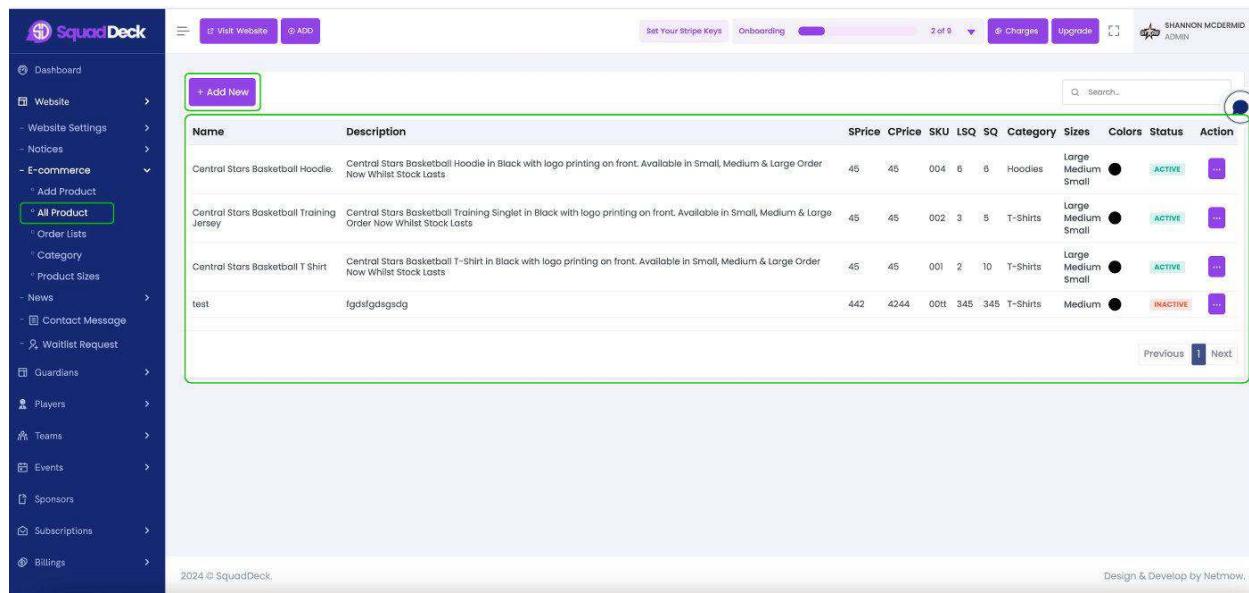

To view and manage all the products in your online store:

Website > E-commerce > All Product

1. From the E-commerce sub-menu, click on "All Product".
2. This page will display a list of all the products added to your store.

3. You can view and manage product details, including the ability to change the product's status to "Active" or "Inactive".

You can also search for or filter products if you have many items in your store.

Adding a New Sponsor for Your Club

Follow these simple steps to add a sponsor in SquadDeck and manage their details effectively:

Sponsors > Add New

Step 1: Navigate to the "Sponsor" Page

- Locate the **menu bar** on your screen.
- Tap or click on "**Sponsor**", which you'll find at the bottom of the menu bar.

Step 2: Add a New Sponsor

- On the Sponsor page, look for the "**Add New**" button located at the **top-right corner** of the screen.
- Click or tap "**Add New**" to start entering the sponsor's details.

Step 3: Enter Sponsor Details

You'll be prompted to fill out the following information about your sponsor:

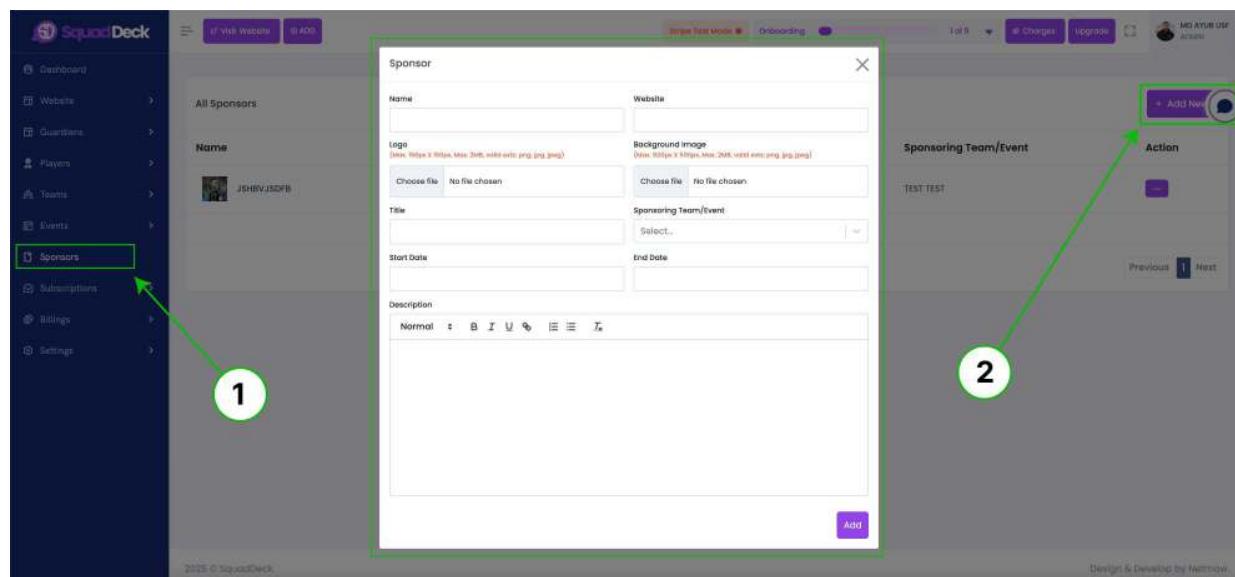

- 1. Sponsor Name:** Enter the name of your sponsor (e.g., "sportai Inc.").
- 2. Website URL:** Add their official website link (e.g., www.netmow.com).
- 3. Logo and Background Image:**
 - Upload the sponsor's logo.
 - Add a relevant background image for better visual presentation.
- 4. Sponsor Title:** Define the title for the sponsor (e.g., "**Official Club Partner**").
- 5. Team or Event:** Specify which team or event the sponsor is associated with.

6. Sponsorship Start and End Dates: Clearly outline the duration of their sponsorship.

7. Additional Details: Include any other relevant information you'd like to capture.

Step 4: Save the Sponsor

- After filling in all the details, click or tap the "**Add**" button at the bottom of the form.

Step 5: Confirmation

- A pop-up message will appear confirming that your sponsor has been successfully added.
- You can now see the sponsor listed on your Sponsor page and access their details anytime.

By following these steps, you can efficiently view, manage, and resolve all subscription-related invoices for your club. If you encounter any issues, contact SquadDeck support for assistance.

How to Set Up a Domain for Your Club on SquadDeck

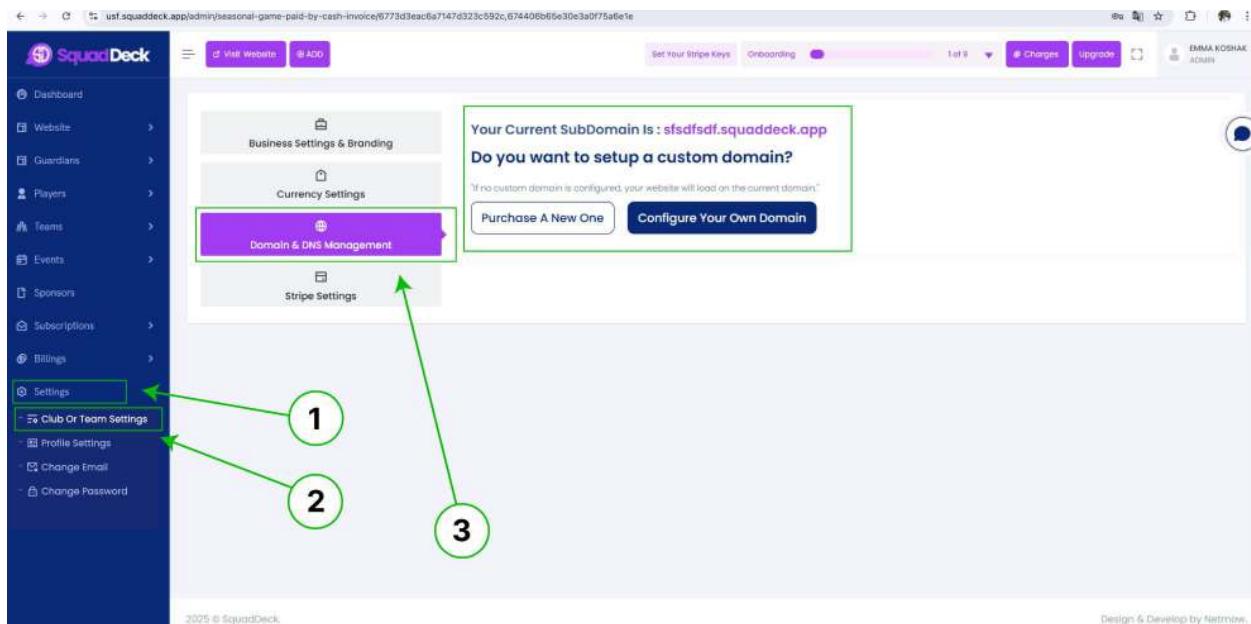

Settings > Club Or Team Settings > Domain & DNS Management > Configure Your Own Domain > Add

Step 1: Navigate to the Settings Page

First, go to the **Settings** page, located at the bottom of the navigation menu on the left-hand side.

Step 2: Go to Club or Team Settings

In the **Settings** menu, click on the **Club or Team Settings** submenu. On the **Club or Team Settings** page, locate the third option, **Domain and DNS Management**, and click on it to open.

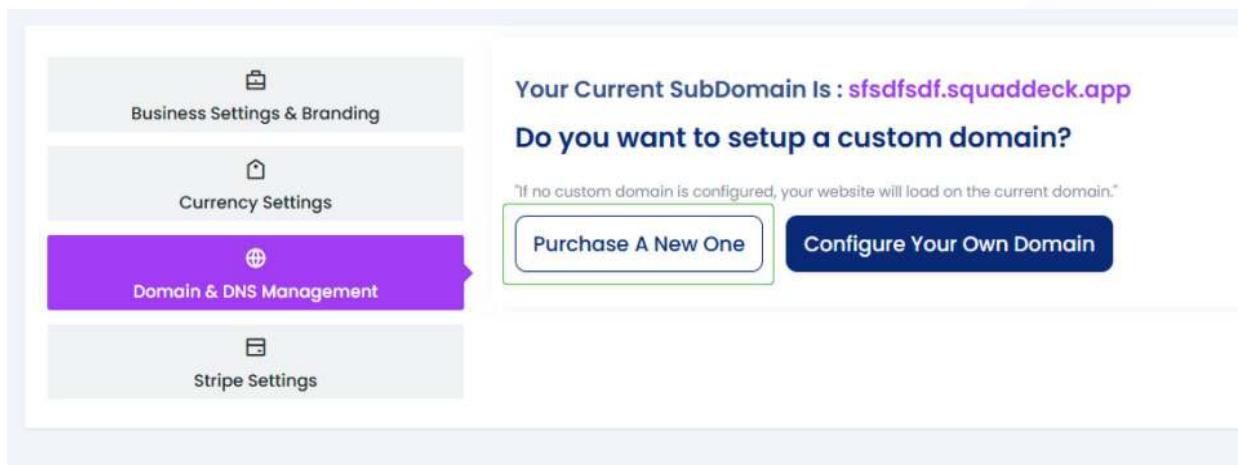

Step 3: Choose Between Two Options

On this page, you will see two options:

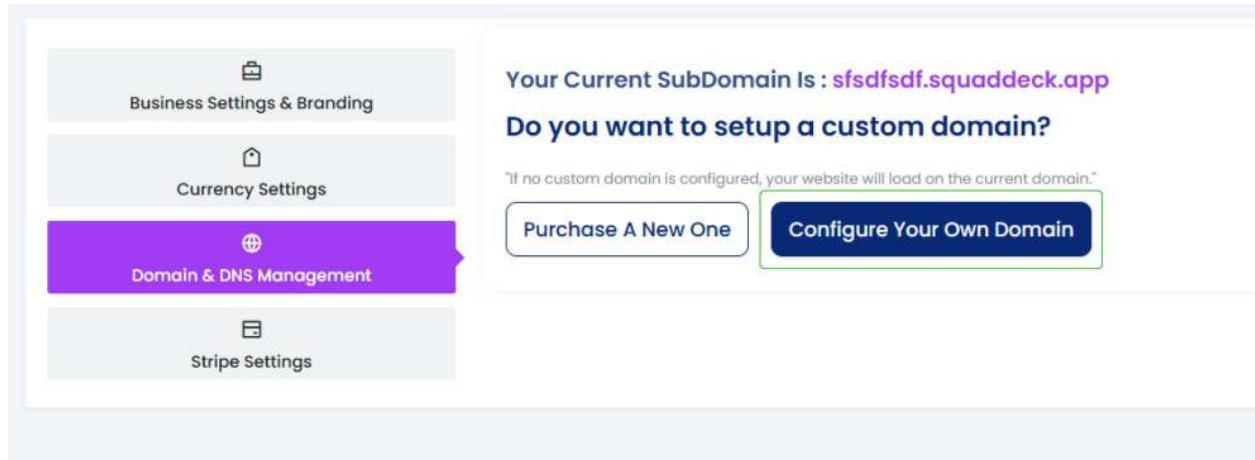

1. Purchase a New Domain

If you want to purchase a new domain, click on the **Purchase a New One** button and select your preferred domain.

2. Configure Your Own Domain

If you already have a domain you want to use with SquadDeck, click on **Configure Your Own Domain**, enter your domain name, and press the **ADD** button.

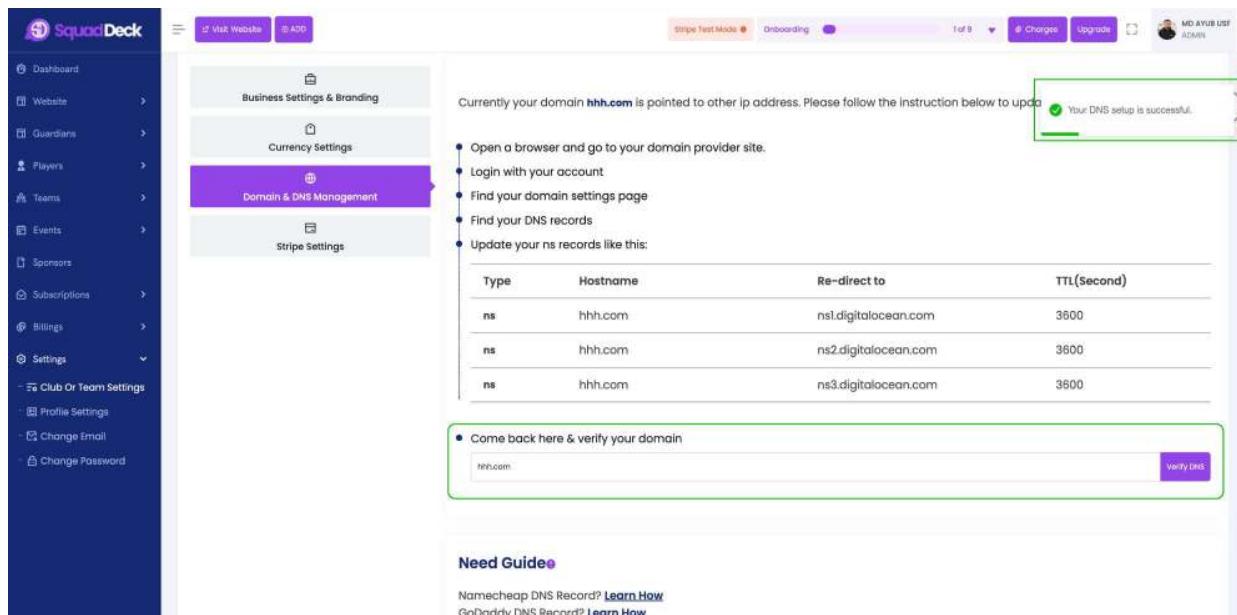

Step 4: Follow the Instructions to Point Your Domain

After adding your domain, follow the provided instructions to point to your domain. This process may take up to 72 hours to fully update.

Instructions to Update Your Domain Pointing:

1. Open a browser and go to your domain provider's website.
2. Log in with your account credentials.
3. Navigate to your domain settings page.
4. Find your **DNS records**.
5. Update your **NS Records** with the following:
 - ns1.digitalocean.com
 - ns2.digitalocean.com
 - ns3.digitalocean.com
6. Come back here & verify your domain

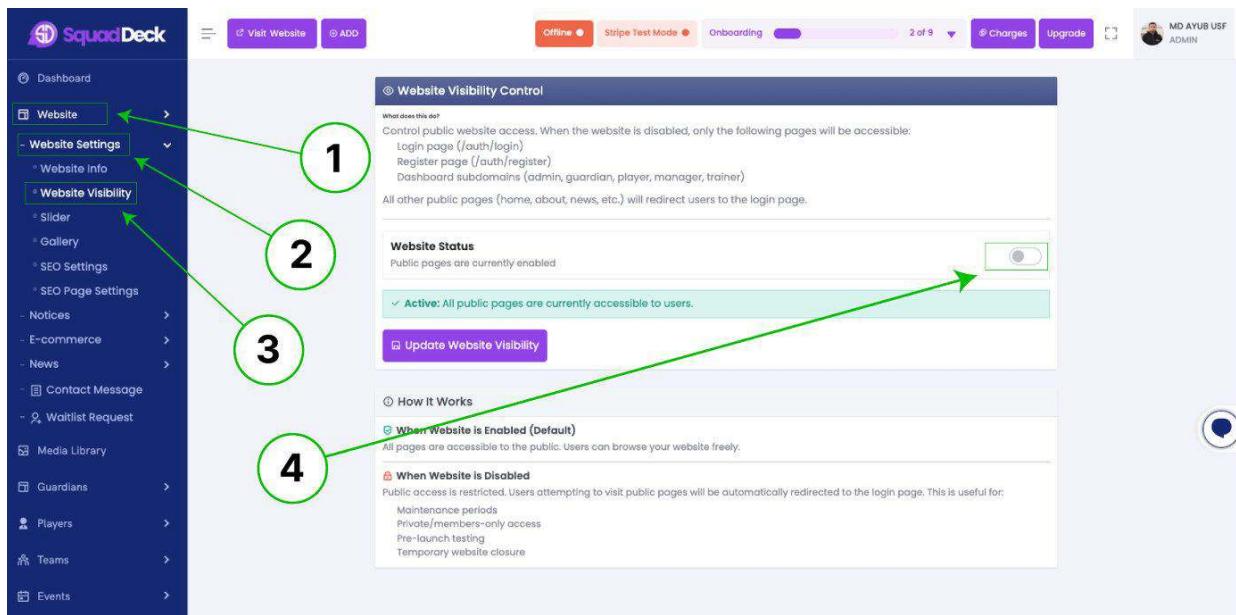

Please note that these changes may take up to 72 hours to propagate across the internet. Once the process is complete, your domain will be successfully connected to your SquadDeck account.

How to Manage Website Visibility: Control Public Access and Restrict Pages

Website > Website Settings > Website Visibility

Step 1: Navigate to the Settings Page

The **Website Visibility** setting allows you to control public access to your website. When disabled, only login, register, and dashboard subdomains remain accessible. All other pages will redirect to the login page. This feature is useful during maintenance, private access periods, or pre-launch testing.

1. When Enabled (Default):

- All website pages (e.g., home, about, news) are accessible to the public.

2. When Disabled:

- Public pages (home, about, news, etc.) redirect to the Login Page.
- Only these pages remain accessible:
 - Login Page (/auth/login)
 - Register Page (/auth/register)
 - Dashboard Subdomains (e.g., admin, guardian, player, manager, trainer)

3. Use Cases:

- **Maintenance Periods:** Temporarily disable public access during updates.
- **Private/Members-Only Access:** Limit site access to specific users.
- **Pre-Launch Testing:** Allow only selected users to access the website before launch.
- **Temporary Website Closure:** Restrict all public pages while keeping login and dashboards active.

Setting Website Visibility:

- 1. To Enable:** Toggle to Enabled for full public access to the site.
- 2. To Disable:** Toggle to Disabled to restrict public access, keeping only essential pages available.

Warnings:

When disabled, only login, register, and dashboard subdomains are accessible. All other public pages will redirect to the login page.
